“Subtle Occupation”

6th June – 1st August 2003

Fiona Banner, Matthew Buckingham, Francis Cape, Matthew Higgs, Munro Galloway, Ann Lislegaard, Dave Muller, Barbara Probst, Shirley Tse, Anita Witek.

"Subtle Occupation", a group exhibition that will be slightly changed every week.
Aside from changes imposed by the gallery directors, the artists in the exhibition are also invited to add or move work so that the meaning of their own contribution is altered by the changing context.
Through an investigation into the structures and methods of social/artistic control, exchange of ideas and bartering positions, the exhibition will explore formulas of interaction and participation in an egalitarian and less structured way. Chaos may ensue...

The exhibition will start with the following artists and hopefully have many unpredictable additions!
