Contemporary Art Dealers Association Nippon is happy to announce the second in our series of group exhibitions : Showcase 02 "Summertime Blues' 2020" being presented at our new space "CADAN YURAKUCHO". This exhibition includes artists from CADAN members, and has been curated by COBRA from XYZ collective.

Statement by COBRA

From GUTAI, Mono-ha and artists who were born in the 80's, I selected wide generation for this exhibition. This is a refreshing exhibition held between the summer months. The exhibition title "Summertime Blues" is quoted from Eddie Cochran's song (from 1958) covered by the Japanese band RC Succession.
