NONE OF THE ABOVE

In NONE OF THE ABOVE each work in the exhibition will be of extremely reduced size, or immaterial and will be installed over the full space of the S I in unconventional spots: in clusters or singled out in corners in such a way that the exhibition device, its strategy, will play an overt substantial part of the event, albeit clearing the exhibition rooms to an almost empty look. Display strategies, snare shows, deception events, and exhibitions as exhibits have a long tradition and many such concerns are activated by today's generation of artists and curators.
