

Rosi is the bst one, she's likes to jump all over, that just how she is, no one knows otherwise. Her eyes were never good, but shes just happy. No one tknows ohterwise.

Mlep also loves to jump but he always jumps on the other, always bully the long one that dosen't have a name yet. Mlep hit his head. with the stripes above. No hollow! Very proud!

Mango is so sad, but also proud because it is so clevery, clever as a knife! Not sorry acutally. mango is friends with Rosi.

Gen goes way back, there was three things in the dream, that it could flyy and that was something it could, but its too shy, but thats oky. Dead now, but loves to be in photographs!

Nala also is so sad, never got to be finnished, like the others. No one even bothers.
