

I need to seek treatment
hahahahahahaha

ah ah ah

Sometimes I think I need that too

It's really really bad now

I don't think it's possible to return from
such audaciousness, do you?

Have you been audacious?

virtually

maybe you are in the last phase

I always think that

makes me feel better

ah ah

yes I think I tell myself this

so you think we are bad?

It feels equally bad and equally good

I always feel good during and bad after

maybe it's my catholic education

I guess I'm in the stage where

instead of feeling bad after

I just don't ever have an after

Oh!

I mean not constantly doing it

but I have so many people to keep satisfied

I think it's very important that we never meet

ha ha why is that?

we could be very bad

ohhh?

Yeah, we have the same kind of approach

Nothing is enough

internet changed our life

yes

so much

sometimes I think about my life without internet

yes I think that too

you should watch my movie

ok, the one I saw?

yes

ok, I will concentrate on it soon

a museum in LA just confirmed the sale

you mean they buy it?

yes and maybe more museums

OH MY GOD!

you are famous!

famous for meeting italian guys on the internet
hahahahahaha

I feel just a number now...

I go crying out in my garden

you'll get over it baby

but you are a number too

I know this

this is why we can understand each other

you are the artist n. 1 I fucked in internet

it's a good number

you are the only Italian architect

and the n. 20 woman i fucked in internet

hahaha

ah ah ah

I rank at 20th?

no, the 20th

so my poor assistant is all alone in my studio

I better hurry off

why don't you go to your assistant and have some sex with him?

hahaha

too human?

there is no sex attraction, I don't think

and besides, I have a boyfriend

not too human

ok, just human

god, we are so stupid

hahahahahaha yes

HELP ME!!!!

hahahahaha

but it's funny

and horrible

yes

and I can't say anybody

oh

maybe a psychologist could do something

and maybe not

think that you live in LA

i live in italy

this is a very cool way to travel

There's still a pale shadow of the church here

But you also have sluts all over the tv

and I won't even mention Berlusconi

but you are right

sex and NO SEX

is inside us

it's interesting, the double
constantly stimulated

BUT DON'T USE YOUR HANDS OR IT WILL BE THE HELL

this is the really genius part about Fellini's 8 1/2
it is so much about masturbation

yes

this is why I have it in my film
(you probably didn't get to the fellini bit yet)

nope

the film is quite serious underneath the humor
are you watching some cam?

ha ha ha ha no
you there?

my brand new wireless router is crap

I'm here

time for a cigarette?

or are you going?

I can have a cig
I mean you can have a cig
while I finish getting ready
maybe I shouldn't wear these shoes to work
my assistant will laugh at me

people could live this way

maybe it's the only solution left

they already do, no?
I have some ideas about this

I'm sure you have

ok you will tell me about

haven't figured out how to express it
without sounding totally naive

I forgot I have to send an email

I know what that means
hahahaha
oh damn, u there?

stupid router

oh

i hear you

I hear you too
and you hear my bird too I'm sure, sooooo loud

oh, was it a bird?

she lives on top of her cage!
this is a good metaphor for our problem

yes

yes

it is

yes
