Opening reception : 9.20 Sun 15:00 - 17:00
On the opening day, the gallery will be open from 14:00 to 17:00 only.

We are pleased to announce our presentation of the debut solo exhibition in Japan of Taiwanese artist Yeh Shih-Chiang (1926-2012). Yeh Shih-Chiang’s work occupies a singular position within the everchanging global landscape of contemporary art history; his oftentimes monumental work in ink on paper and oil on canvas suggesting various traditions of abstraction yet never landing squarely in a particular camp. Highly refined yet touchingly personal, his work and life highlight the generosity of integrity.

MISAKO & ROSEN would like to express our gratitude to Johnson Chang of Hanart TZ Gallery, Hong Kong as well Yeh Wei-Li and Wu Yu-hisn of the Yeh Shih-Chiang Residence Museum and Archive for their kind and insightful support in facilitating this exhibition.
