Silke Lindner is pleased to present *999*, a group exhibition with works by Nadair Asghari, Jennifer Carvalho, Chelsea Culprit, Nina Hartmann, Emma Kohlmann, Tuere Nicole Lawton, Erin Wolf Mommsen, Justine Neuberger, Chris Oh, Ren Light Pan, Shannon Delaney Ryan, Willa Wasserman, Tommy Xie, and Ang Ziqi Zhang.

The exhibition draws on the numerological symbolism of 999, an angel number associated with transformation, endings and new beginnings, suggesting a moment of spiritual growth and renewal. The group of artists brings together practices that engage with transfiguration, renewal, and mysticism. Through painting, drawing and image transfer, the works consider moments for metamorphosis and transcendence.
