MISAKO & ROSEN is pleased to announce our fourth exhibition together with Los Angeles based artist Nathan Hylden. Hylden recently presented a solo exhibition with Midway Contemporary, Minneapolis (USA); his work has been included in exhibitions at institutions such as the Palais de Tokyo (France), Museum Boijmans Van Beuningen (Netherlands) and the Kunstverein Hamburg (Germany). In 2018, the gallery presented Hylden as part of a jointly organized exhibition with BWSMX, Mexico City, as part of the city-wide gallery share, CONDO, as well as with Kristina Kite in a related gallery share in Los Angeles.

On time and on in so doing.

For there and on at all, nothing at all.

As if to be done, and

Something there, some thing and not. Enough. And another

Over and to each, taken away, as if to an end

And so on.
