

Etablissement d'en face presents:

## LOU FORD

15.02.14 – 30.03.14

Lou Ford isn't much of a people person. He prefers things. The things he likes the most are things that mess with his mind. This exhibition, which bears his name, includes a number of objects he's admired over the years... most of the stuff on display would be considered art, but he's also added a few things that most people would call "trash".

This exhibition features editions published by Bywater Bros. Editions together with selected works from Roddy Buchanan, Jos de Gruyter & Harald Thys, Jens Haaning, Adam McEwen, Sophie Nys, Jack Pierson, Richard Prince, Danh Vo, Johannes Wohnseifer, Gil Hibben Studios, Sweet Tango Apples® and Desert Essence Organics®. The exhibition will also feature a number of vintage pinball machines designed by the late American artist Jerry Kelley.
