

ED ATKINS

SCREENING

SATURDAY 28.10.17 AT 8PM

AT BOZAR STUDIO*

FOLLOWED BY A DISCUSSION BETWEEN

ED ATKINS AND PETER WACHTLER

The evening will put together some of **Ed Atkins'** works from 2009 to 2012. These earlier videos layer found footage and digital imagery into a rich flow of mumbled monologues and clearly spoken salutations, of long lasting spheric, musical soundscapes and chippy blops, blings and cracks. Taking into account the longings of a digitally altered self as well as the tougher facts of the Unchangeable, the work outgrows common video formats to introduce a new, direct, and intimate voice to the screen.

IN THE FRAMEWORK OF VIDEOSCALES

VIDEO SCALES is a series of screenings organized together by Etablissement d'en face and BOZAR, seeking to present artists working with moving image and language, using video as a means for understanding and misunderstanding.
