SYLVIE FLEURY

Hypnotic Poison

30. August 2007 – 28. September 2007

With the exhibition Hypnotic Poison, the Schinkel Pavillon presents works by Sylvie Fleury. The Swiss artist shows her “Mushrooms,” 20 sculptures made of fibreglass and coated with metallic car finish. Her brilliant luxury fetishes are a synthesis of Duchamp’s idea of the Ready-Made and Warhol’s reflection on the consumer world.
