PAULINA OLOWSKA

Zofia Stryjeńska

13. June 2008 – 29. June 2008

For the exhibition Collaged Stryjeńska Paulina Olowska creates a frame in which her own paintings from the series Zofia Stryjeńska provide a background for original works by Polish painter Zofia Stryjeńska. Additionally, Olowska lines the Schinkel Pavillon with a painted floor piece, based on the design of the Polish Pavillon at the 1925 International Exhibition of Decorative Arts in Paris, in which Stryjeńska conceived and displayed her paintings.
