ANDRO WEKUA

Gott ist tot aber das Mädchen nicht 29. April 2010 – 6. June 2010

In the exhibition Gott ist tot aber das Mädchen nicht, the Schinkel Pavillon shows an installation by Andrew Wekua. The title hints at the story of the wax figure of a girl sitting inside the glass cube. It is typical for Wekua to merely allude to narrative structures and thereby to challenge the beholder to use his or her own imagination to bring the story to an end.
