

Maidens of the Cosmic Body Running: Majr Gazr

April 23 through July 17, 2011

ARTIST(S) Denise Burge, Lisa Siders, Jenny Ustick

Maidens of the Cosmic Body Running is a collective comprised of artists Denise Burge, Lisa Siders and Jenny Ustick. For this exhibition, the group merges video work with exhibition design and traditional handicrafts to explore notions of utopia tied to feminism, nature and spirituality. Rural endeavors and integration of craft reference the Maiden's notion of a female community, and the use of color, symbolism and items of clothing evoke the myriad of utopian communities that emerged through the last century.
