
THE NEWSSTAND PROJECT

PERFECT TIMING

Elizabeth Ibarra

November 16 - December 13, 2019
8361 Beverly Boulevard, Los Angeles, CA 90048

Opening Reception:

November 16, 11:00am - 2:00pm

The Newsstand Project is proud to partner with the *Tel Aviv Museum of Art American Friends* in presenting this exhibition.

A true artist is fearless—in reality truthfulness is the greatest rebellion.

For me, discipline is like gravity. It is the only thing that keeps me from floating away.

The problem is, I rarely feel like a woman.
I mostly feel like other things, like characters—
other characters.

I didn't plan any of this (while looking at my art all around my apartment). I wouldn't survive without this. People aren't enough, nature isn't enough—magic is.

The works depict Ibarra being alive. Of course, in a human form. Being not dead yet inspires me. What excites me—truth, silence, the Moon, and fear, irrational fear for all to see. And the perfect timing of time.

Don't you twitch sometimes, like a star?

The bottom line is, I would rather create something truthful than something beautiful.
