What started as a casual conversation between Hilary Schaffner and myself has lead to a decade of programming including 176 exhibitions, 30 art fairs, 16 off-site projects, featuring 274 exhibited artists. Ten Years, marks this occasion. While not encyclopedic, the show celebrates 89 artists who have been a part of our community for the last decade. The installation is a combination of roster artists, artists who have had significant shows with the gallery, been a part of important group exhibitions, or just supported the program by showing up to the space. Thank you all so much.
