Globélisque

Un voyage traversant les dimensions multiples de l'éternité

Uplifted prairies linger,
falling, like cascades.
Exaltation, mutual interplay

Lenses burn
nascent continuity
into a single gushing whole

Gravitational perspectives,
highly heightened,
the cause is depth.

Hidden,
in the shadow spaces
Of a well known light obeying triumph

Energy changes form
Wise matter
shifting sands

Transparent roots,
in heavens plunge
shaking mountains

Piercing substratum
out of fire's light
is pulsing the cosmic clock

Unbound
electrical charge
Finds centre

Perennial river
cardinal rhythm
dripping upwards

Plain sight,
steep trajectory
all - pervading filament

Vertical horizontals
intemporel conduit
Infinity is the depth of now
