Between A Figure and A Letter

Docential Moment

This This This

Is a docential moment.

Docential is a portmanteau of docent and essential. Immigrant ideas if ever we were one. Crawling out of the ass of the contemporary. Even now even now even now as we voice these bon mots of calculated ignorance we are blinding in our nationalisms, workers all in the machine of aesthetic forgetfulness one model one model at a time entertained, explained, re-framed like a format like teething---

From humbolt forum to the police station
From the gorki to the streudel
From the new museum to the old coliseum
From the ddr to the per diem

From the ministry of foriegn affairs to the ditch
From the crown prince's palace to a bitch
From the european school of management and technology which is which
from the equestrian statue of friedrich der Grosse to a fish

Between the pergamon museum and a convenience store
Between rotas rathus and a broken door
Between the german historical museum nothing more
Between die neue wache and a covid whore
