11. pill invitation, 15.09.1983

first area invitation, new york

the pill invitation was sent out in a black velvet ring box.

when the pill is dropped into a glass of water, the BB causes the pill to

drop down and sit vertically at the bottom of the glass. as the pill

dissolves, the thicker plastic tube springs open, forcing the invitation away

from the gelatin of the pill. the bromo seltzer propels the invitation to the

surface of the water
