

The Milk of Dreams - 59th International Art Exhibition
La Biennale di Venezia, Venice, April 23–November 27, 2022

Barbara Kruger

Barbara Kruger's new installation for *The Milk of Dreams* is an environment comprising text-printed vinyl and a three-channel videos component that confronts the viewer with the ironically disembodied voice that is characteristic of her practice. The installation directly addresses the viewer ("YOUR FEAR," "YOUR TOUCH,") with imploring phrases ("PLEASE CARE," "PLEASE MOURN"), in both English and Italian, creating an immersive reflection on visibility, insecurity and grievance.
