This zine presents the source materials used to create the paintings exhibited in *Belief in a Disenchanted World*. For a long time I've struggled with how to reveal the images and subjects I layer and erase in order to make my works. These images aren't the point of the work, but they provide useful context and depth. I hope that sharing this material creates a more full and meaningful experience for the viewer.

Since 2018 I've been researching a new age cult known as The Movement of Spiritual Inner Awareness (MSIA) and its founder Roger Hinkins. Hinkins, who went by John-Roger (and was affectionately referred to as JR by his followers), claimed to be "The Mystical Traveler," his name for an all-knowing being that cyclically reincarnates on Earth to share timeless spiritual wisdom. The images in this book are from The Movement, MSIA's in-house monthly newspaper, and from Soul Flight, a series of whimsically illustrated booklets which are used to indoctrinate children into MSIA's beliefs. These cartoons, portraits, and tableaus speak to an optimism and hope that we, in our future-present moment, know is never realized. In fact, scrutiny and reflection reveal these media to be the coercive and insidious tools of a charismatic leader cultivating followers.

John Morton discovered that carrying the Olympic flame became an experience of people celebrating the best of being alive.

Only after the Olympic torch had traveled its way eventually meeting one of the runners did it become a torch; they were relaying the Olympic torch. The Olympic games were held in 1856, the first in ancient Greece. Often fire was symbolic of the Olympic spirit. Recently John Morton carried the Olympic torch and found it to be a "magical feeling of calmness." Enthusiasm gripped the hearts of Los Angeles.

Dear Movement Staff,

to Uncover Your Purpose

SOUL FLIGHT

TO MSIA

The Movement
of Spiritual Inner Awareness
can make you feel good
And help you to be free
and to be part of the brotherhood

Which is a sisterhood, too!
if you know what I mean
And you can be an only child
and still be on the team

What do I mean?

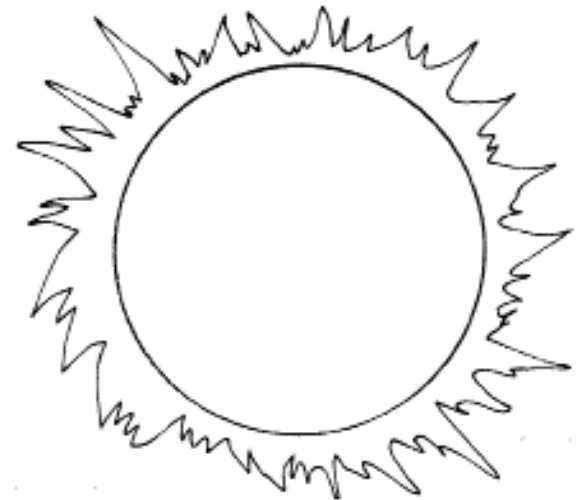

There is something
called the
MSIA

Which helps you
to know
things in almost every way

You'll figure out
what works for you
by and by.

Like those words
'bad' or even 'good'
When you're part of
the human brotherhood
And live in God's Light

you learn what works for you
And that's always
right.

Of course you know about
light bulbs in a room!

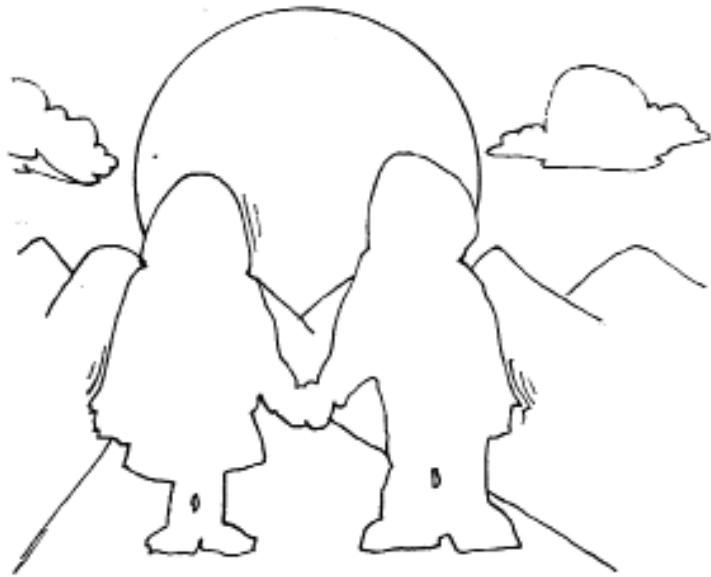

With a flick of the switch
it lights away the gloom.

If you tune into God's
special Light

Why, you'll always do
what's perfect and right.

Even sometimes when someone
will sound very mean
And you may want
to fight and scream
If you go down deep
you may discover
It might feel better
maybe if you
just love her.

That it knows better
than even you and I
'Cause the LIGHT
OF THE HOLY SPIRIT
comes from high.

Know what I mean,
jelly bean?!

12

God's love and God's mystery,
that anyone can plainly see

when they open their inner eye
that only I
can see
in the you that is me.

15

You see, if you always could
ask for the **HIGHEST GOOD**,
the **HOLY SPIRIT'S LIGHT**
will always treat you right.

You see you have to figure out
right down to the very last letter
What it is that will make
you
feel better.

Or you can
jump and shout

20

No matter what someone else
might say
If you listen to yourself
in every way
I mean the self that is the Spirit
and you can always hear it
