Hate and anger will not resolve anything. Have you thought about leaving those people behind and find someone who will truly like and respect you? Consider getting a Rose Quartz crystal. This is the most important crystal for the heart. It enlightens us with the true essence of love, showing us how to love in the most harmonious way. This is the mineral of love and peace. It boosts internal healing and the purification of the emotional body by activating the heart chakra. This beautiful pink gem deeply purifies your feelings. It inspires emotional healing, strengthens self-love, soothes the mind, purges needless worries and promotes true inner peace. Its powerful vibrations of unconditional love can reach the cellular level and reprogram the cells for happiness and longevity. It will lead you to the love of your life. The stone's ability to reprogram is the healing quality that repels negative energies and replaces them for love vibrations. Perhaps it will open a path for a new lover? Wear it often as an accessory or jewellery and you'll see how easy it will be to find someone that will truly love you.
