Casimir Ernest Gasser - Lyric

@ Apartment 13 Gallery

Press Release:

This is Casimir's first painting solo show. Casimir reflects on his experience being raised in a farming family in Montreal, Canada and creates ornate arrangements of painted marks, soil and ink using paper as a surface. The works are small, heavy in detail and tactile, they preserve and express something simultaneously, depicting youthful/wrinkled ageless faces and phantom limbs. These youthful but aged and worn "fairies" point toward variables that only reveal themselves with faith. "Lyric" is an arrangement of these variables.
