

## Yves Scherer, New York Minute, Golsa, 2023

Golsa is excited to announce the solo show by Yves Scherer entitled “New York Minute,” opening Friday, March 10th from 18.00 to 20.00. This is Yves Scherer's fourth solo exhibition at Golsa.

In his latest work Yves Scherer ushers in a romantic vision of a setting and the characters residing in it, exploring the emotional aspects of how they relate to each other and their environment, before the day ahead of them develops into a dizzying vortex. Departing to a degree from his fascination with celebrity culture and inspired in part by the artist's life in New York City, Scherer sets the stage for a palpable immediacy in the setting; it is personal. The locality feels essential here - the moment could have been anywhere else, but it matters that it is set in New York.

Intensely focused on capturing the incremental and elemental quality of existence in his works, Scherer masterfully extends the power that a small moment can hold, no matter how elusive, moving fluidly through various modes of visual language and expression. Through his art, Yves Scherer explores the power of focusing on minute parts of human experience and the profound impact these tiny moments can have on our lives.
