Contagious Speech

Nicoline van Harskamp

March 12 – April 15, 2023

Opening hours: Thursdays and Fridays from 1-5 pm, or by appointment

Contagious Speech, a solo exhibition by Nicoline van Harskamp. Contagious Speech presents how video conferencing and synthetic speech systems are affecting our way of speaking in real life, and how breathing patterns are central to this process.

The video Contagious Speech shows an array of experts, such as a computational linguist, a medic and a human beatboxer, sometimes directly conversing with the synthesised voice of the artist. Their 'breathless' contributions come to life in the exhibition through the voice of a live performer.
