LA MAISON DE RENDEZ-VOUS is pleased to announce *Crashed*, a solo exhibition with Paris-based artist Victoire Thierrée. In the LMDRV exhibition, Thierrée appropriates the form and material of armed force, fragmenting, abstracting and re-imagining media as varied as military-grade ceramic fiber and documentary photography. Thierrée draws upon the inherently fetishistic relationship between object and image to create a body of work as extraordinarily alien as it is disarmingly familiar.
