11.03.–28.05.2023

Voice, Cantonese

*There is a Da Peng Bird in the the sky
There is a large metal ship in the sea
The more advanced science become
The more dangerous mankind will be*

Lo Ting, English

Part 1

*On the sixth mountain of the tallest nine
When soft spring breezes over land and sea
A pair of twins left their need for shores
Bound to home, they must break free*

*In their first attempt learning to swim
They drifted far out in the sea
Surface blue, green to liquid ink!
From laughing water, they could not flee*

*Sea Palace Floating Restaurant
Abandoned at the Quay of Dreams,
A haunted attraction at the amusement park
sunk deep in the seabed's streams*

*In the half-light through a window frame
They swam through costumes of monsters and ghosts
Wake up, wake up! Hunger's craving for more!
His anger they fear the most*

*Trapped in his palace they cooked his food
His hunger a bottomless hole
Thousands of children, he was never full
Salted with tears from a heartbroken soul*

Part 2

Arms, legs, heads, and tears
Digested for years, in the Hungers crave
A lonesome soul caught a foreign light
radiate through the intestinal night
History named him 'Freedom Swimmer'
But he called himself 'A Singing Chef'
For years caught by the Hunger's wave,
He sang his tunes while fooling death

DaPeng Bandao to Tung Ping Chau
He drifted far out in the sea, searching for liberty
Surface blue, green to liquid ink!
From laughing water, he could not flee

Souls, beings, dreams, and tales
Digested for years, in the Hungers' grave
For each generation the Hunger would grow
Darker til' History ceases to know

But the curse of the Hunger would break one Day
When light brought the Singer (Song) (Singing) to the Shadow Play

Part 3
