

Simon Petepiece

Four Quarter Round

Espace Maurice

August 26th - September 23rd, 2023

SIMON PETEPIECE (b. 1992, Ottawa, ON) is a self taught artist living in Montreal, QC. Recent exhibitions include a solo show at Galerie Nicolas Robert (Montreal, 2023), a duo show at City Hall Art Gallery (Ottawa, 2022) and group shows at Galerie Cache (Montreal, 2022), Glovebox (Dublin, 2022) and Prometheus Projects (Montreal, 2021). His work can be found in the City of Ottawa Art Collection and he holds a master's degree in architecture from Carleton University (2018).

Working directly with construction materials and processes, Petepiece's practice addresses and derives meaning from the unique qualities and iconography of the western built environment. In works that exist between sculpture and two-dimensional media, he uses ubiquitous products like drywall, steel studs, and insulation as both symbolic elements and substrate for drawing, painting and sculpture. The assemblies that arise from this process combine an inherited material language with forms gathered from a range of personal, archetypal and historical references.
