Soundtrack: Artist edit of the house mix (composed by Todd Terry) of Meli'sa Morgan cover of Still In Love, originally by Al Green; Images were made using DALLE E. with several prompts, the main one being: "Two African American men, one in his 50s and one in his late 20s, stand in the middle of a crowded barber shop and shake hands."

Videos were made with editing software After Effects, Premiere Pro, and AI video generator RunawayML, using video and images shot in the gallery by artist and gallery team, and the previous images made with the DALLE E prompts. DJ drops by @donaldthevoice on Fiverr
