Bernhard Hausegger

Lieber mal zu Hause bleiben
Nov 15 - Nov 29 2023

Rather stay at home once in a while,
but not everything is good there either. Fractal rooms, headless figures and a black rooster.
Who can be funny when you're screwed?
Unclear circumstances, that's for sure. And what does the future hold? "If you lock up the rooster, the sun
will still rise." (Indian saying)

New works by Bernhard Hausegger. Thanks for coming!
