

# X Years Group Exhibition 25.11 – 22.12.2022

## Press Release

The first exhibition at VI, VII opened in the late summer of 2012. Since then, the gallery has presented forty exhibitions and worked with over fifty artists. In honor of the gallery's tenth year we present "X Years," a group exhibition which looks to the gallery's past, present and future.

Rooted in accretion: a steady build up of gestures, history and exchanges are at the heart of the show.

Within the exhibition is a model of exchange: a framed exemplar copy of the edition "Will You Go, Will You Give, Will You Bid, Say - Here - Down (2022)" by Hamburg based artists Jochen Schmith hangs on the wall. The visuals on this monochromatic postcard are constructed from the exhibition history of the artist duo's curriculum vitae. Visitors are welcome to take an edition if they leave something behind in its place, forming an alter of visitation throughout the course of the show that begins on its opening day.
