Derrick Woodham

Monuments to Unknown Heroes at the CAC is an expanded presentation that originated at the Museo Nacional de Bellas Artes in Argentina in 2020. The current exhibition is co-produced by MAMM, the Museo de Arte Moderno de Medellín, Colombia, where a year-long series of public workshops is being held responding to the central themes. The CAC gratefully acknowledges the participating artists. Submissions to the original 2020 call can be viewed alongside the 2023 works in an online catalog by scanning the adjacent QR code.

CAC receives Annual Exhibition Support from Gale and Dave Beckett, Helen and Brian Heekin, Belflex and Jason McCaw, Barbara Myers, Barbara Weston Sasser and Carol Weston Roberts, Ronnie and John Shore, and contributors to the CAC Exhibition Fund.

General operating support for the CAC is provided by The P&G Fund, The Johnson Foundation, ArtsWave, National Endowment for the Arts, and the Ohio Arts Council.
