

Night Club

Night Club is pleased to announce *Little Grey Cells*, a solo exhibition of work by Alice Tippit. Alice Tippit (b. 1975) lives and works in Chicago, Illinois. In paintings and her works on paper she employs a graphic, hard edged style and a restrained color palette, using simple, recognizable yet relatively neutral shapes. The resulting images function as signs in which the interaction of form and color produce visual relationships that seem to project specificity while remaining ambiguous enough to allow interpretation and inquiry.

Tippit received her MFA from the School of the Art Institute of Chicago in May, 2013. She has had solo exhibitions at Jancar Jones Gallery in Los Angeles, Important Projects in San Francisco, and at PEREGRINEPROGRAM in Chicago.

Please join us for the opening reception Friday, January 24 from 7:00 – 9:00 PM.
January 24—February 14, 2014. Hours by appointment only.
