Christian Kōun Alborz Oldham

May 26, 2024

Christian Kōun Alborz Oldham is an artist, writer, researcher, and *ikebana* practitioner concerned with what surrounds production and the lives of things. Oldham is the founder of Flower Planet, an artwork and school. They lived and studied in Japan with Kosen Ohtsubo, a pivotal figure in the avant-garde *ikebana* movement since the 1970s. It was through Ohtsubo's instruction that Oldham became a certified freestyle *sensei* at the Ryusei School of Ikebana.

This one-day exhibition is accompanied by a series of freestyle *ikebana* workshops and lectures.
