metro pcs in heaven

SUNDAY, SEPTEMBER 4, 7-10 PM

Dear friends and supporters –

The earthly location of metro pcs is ending. We deeply thank you for your support over the past 3 years of exhibitions and projects.

We especially thank the artists who made the decision to work with us in our rhombus-shaped, static-laminate, ex-consulate storefront. It has been an amazing experience, and wouldn't have been possible without everyone involved, artists and viewers.

On Sunday, September 4, please join us for a party from 7 to 10 PM. There will be drinks and fireworks.

On Monday, September 5, metro pcs will be blasted into outer space.

This very last exhibition will be a transmission into the vacuum of the galaxy, to exist for an eternity and to be uncovered by future interstellar travelers or alien civilizations. We have asked all artists who have participated to contribute an image and/or 100 words for our transmission. The show will beam at the

speed of light on the Monday after our closing, sent “to 4 separate sectors of space to ensure the widest possible coverage” through the intergalactic eBlaster talktoETs.com. It will remain on the metro pcs [website](#) for as long it can be maintained.

You will hear from us on Monday, when the exhibition will go live and we will be floating in outer space.

XOXO
Ian & Matt

Artists and who have exhibited and worked with metro pcs:

CAAST
