

Birds on the highway flying in the rental
The pills look like skittles
And the OG's just as strong as can be
Let's take a trip outta town
I gotta double my money
My connect is waiting on me
Being broke ain't nothing funny
Let's take a trip outta town
Box it up and wrap it
Then let's get in traffic
I can fedex you a package
Let's take a trip outta town

WORK IN Rental

A rental car is the starting point for "Work in Rental", an exhibition project by Dingum produced for Les Urbaines 2014. The car will be used for travel and transporting the artworks from Berlin to Lausanne, thereby blending road trip, rental economies and the logistics of art. The car will drive directly into the exhibition space – a former car workshop – and become the frame for the project. Four artists have produced new work responding to this format.
