

Jon Rafman – *Dream Journal 2016-2017*

Fri Art Kunsthalle @ Fri-Son

Fr 29.03 - Su 31.03.2019

Opening : Friday March 29, 6pm

Fri Art Kunsthalle and Fri-Son present the monumental installation *Dream Journal 2016-2017* by Canadian artist Jon Rafman. From 29 to 31 March, day and night, Fri-Son's large concert hall hosts a giant screen whose images are to be experienced lying down on a soft carpet of 250m².

The *Dream Journal* includes videos with soundtracks by [Oneohtrix Point Never](#) and [James Ferraro](#). To create the landscapes of the contemporary unconscious, Jon Rafman draws from the darkest corners of the Internet and its nebulous communities.

In contrast with the smooth and sedative relationship of the digital economy, Rafman uses the immersive visual language of video games to take the viewer through the meanders of our worst nightmares. Yet, like a Janusian figure, wonders and deliriums compose the two sides of the same coin, inseparable.

Schedule: Fr 18:00 - 5:00 / Sa 11:00 - 3:00 / Su 11:00 - 18:00
