Exhibition text:

A table, a chair, a clock, and a light walk into a gallery.
The curator looks up and says, "What is this? An art installation?"
The clock replies, "No, we're just killing time."
The light flickers and adds, "And brightening up the mood!"
The chair grins, "I just needed a place to sit this one out."
The table shrugs, "Well, someone's gotta hold things together "
