Presented by Emalin, Sadie Coles HQ, a. SQUIRE, Brunette Coleman, and Hot Wheels Athens London

Hot Wheels Athens hosted at TOSITSA3  
03.06.25 - 12.09.25

Hot Wheels Athens London is pleased to present an exhibition that brings the energy of London's contemporary art scene today to Athens. The project reflects the gallery's ongoing commitment to connecting two cities at formative moments: Athens, in the pivotal years following documenta 14, and London, where a renewed spirit of initiative, momentum, and collective energy is shaping the post-Brexit cultural landscape.

Presented under the auspices of Hot Wheels Athens London, the exhibition foregrounds the distinct voices of artists who are variously tethered to London, each presented by one of the city's galleries. Through concentrated presentations of individual practices, the exhibition looks to London's contemporary art scene—shaped by intergenerational voices, diverse material approaches, and cultural investments that extend beyond the boundaries of the art world.

Participating artists and galleries include:

Alvaro Barrington / Emalin

Ceidra Moon Murphy / a. SQUIRE
