UNDER HIS BED

At some point in April 2022
Jonathan Monk slept with
Martin Kippenberger's
'Roger E.A.' prototype 1990
under his bed

Thirty distinct printed cards, each representing a month from 2022 to 2024, lie under a bed in a Travelodge hotel room from early check-in to late checkout the next day. These cards document the times Jonathan Monk kept a specific artwork under his bed while he slept. Each card is characterised by its own unique typography, card colour, and print colour.
