NOON Projects is pleased to present Studio House 2025, a group exhibition hosted at a private residence in Echo Park.

In addition to our summer programming at the gallery, we're going offsite—and moving in—to Studio House, a domestic space transformed for the season. The best parties are house parties, and we're channeling that same energy into this summer's group show. We've invited a group of new artists and some of our gallery artists to create work exploring themes of home and interior life.

Throughout the summer, Studio House will unfold through a series of intimate gatherings: concerts, dinners, magic shows—events best experienced in the cool of the night, away from the bright lights of the white cube.

Stay tuned for open hours and events throughout the summer.

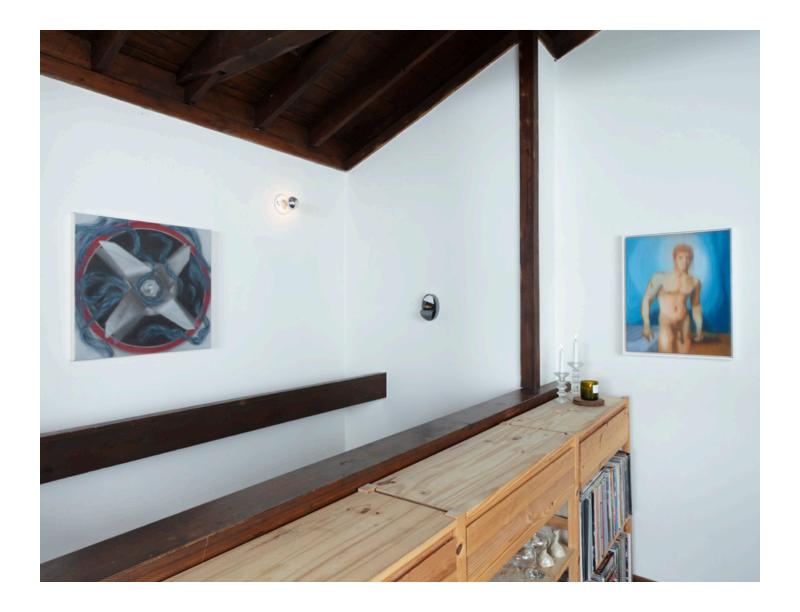

NOON Projects is a gallery in Chinatown, Los Angeles. Our program showcases artists who work from the heart, with a focus on queerness, the divine, the natural world, craft, and social practices. We host an ongoing program of dinners, concerts, meditation groups, and community happenings.

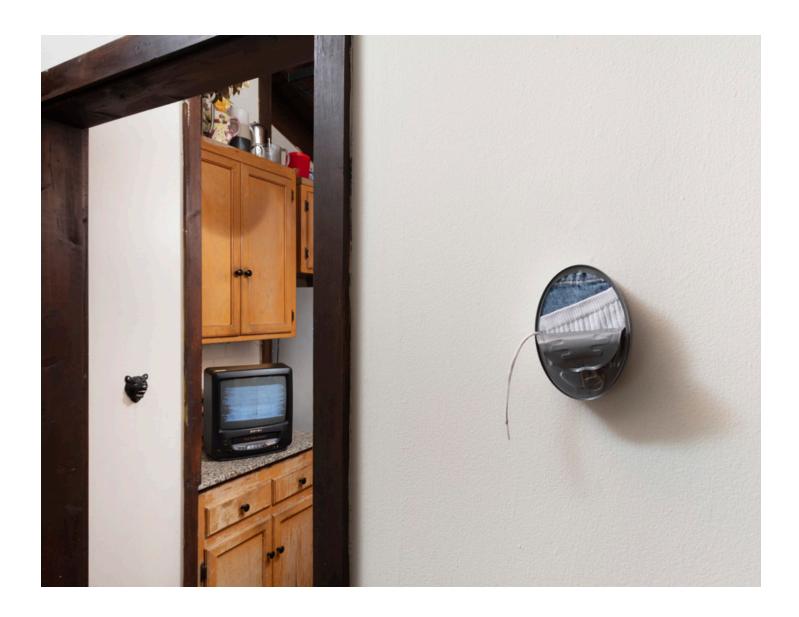

We aim to create a welcoming space for artists and the community to connect and flourish. Please come by and see us – you are very welcome here.
