

Riding attempts with fatal outcome

Man on

>> Lion – Duration ca. 2 seconds

>> Ostrich – throws man off at high speed. Man suffers a few small abrasions; resulting in infection with bird-flu virus > immune system collapses.

>> Stag – runs like lightning through the woods > man succeeds in holding on to the antlers and sitting more or less upright > stag runs under a branch, which hits human exactly in the head.

Variation: Stag lowers head at high speed and then comes to a sudden halt. Reciprocal penetration of man and antlers.
