solo exhibition

20 august — 11 october 2025

palace enterprise is pleased to present Simon Dybbroe Møller's second solo exhibition at the gallery, *Sjæl/Seele/Soul*, with texts by Saim Demircan and Simon Dybbroe Møller.

The exhibition brings together three new works. *Commute* (2025) depicts a hearse moving through highway traffic, a body's final ride set against the routines of everyday life. *Retinal Rift* (2025) takes as its subject the red-eye effect in flash photography, where the light reflected from the retina makes the pupil glow bright red. The watercolour *Poster III* (2025) continues the artist's series of announcements as singular works.

Simon Dybbroe Møller is currently finishing *The Big Picture* – his forthcoming book about the Photographic, to be published in 2026.
