

AMASSO GDA

Press Release

'Amasso' is a dialogue show between Bruno Baptistelli and Carolina Cordeiro, founding partners of GDA.

In October 2021, when GDA inaugurated its program, both artists presented simultaneous solo exhibitions in the same shared space.

Four years later, Baptistelli and Cordeiro, now a family, are jointly presenting 'Amasso'.

Initially conceived as a solo show by Carolina with a critical text by Bruno, the exhibition was transformed from the initial exchanges. Baptistelli felt compelled to engage with Cordeiro's work through conceptual and formal procedures. After this initial movement, Carolina also brought new proposals, thus creating a unique project.
