Subj: REPLY TO MSG# 43 (WHO'S IN CHARGE HERE ANYWAY?)

thank you for your thoughtful reply. As a pre-operation charge, I would like to install the following nested list of activity areas. From within the responses to these, I will then propose a following list of charges and demands. Yes this is not domination not P therefore not N (sic modes tollens) (sic) test list (I would like to personally test you out for)

- * trace correlate blood, heart, eyeball and skin samples

- * begin internal organ sensing

- * strip search you

- * restrain you to a bed with a variety of appliances

- * penetrate you with chemical agents

- * check you out with behavior and productivity deviance detectors Submit to me through these checkpoints and I then, promise to provide detention, detection and evaluation services for you personally, through the system, Thing. I promise to touch you and manipulate you and caress you.
