Schattige babyvoetjes

Lily van der Stokker

Opening September 25
5:30 – 7:00 PM
NDSM Wharf, Y-Helling

With great pleasure, Stichting NDSM-werf invites you to the opening of *Schattige babyvoetjes* by Lily van der Stokker. A new text work created especially for the NDSM-wharf. The work will be on view for two years at the tip of the industrial Y-Helling and offers a gentle yet critical counterbalance to the raw, male-maker-dominated character of the former shipyard.

Lily van der Stokker (1954) is known for her colorful, monumental wall paintings and drawings in which everyday themes such as housekeeping, kindness, and old age take center stage. With her fresh fluorescent colors and seemingly lighthearted texts such as *Dankjewel Lieve Schat* and *Best Mooi Weer Vandaag*, she has been challenging traditional notions of art for over thirty years.

Opening: Thursday, September 25, 5:30 – 7:00 PM

Location: NDSM-wharf, Y-Helling (NDSM-plein 90c)

Please let us know via the link below if you will be attending.
We hope to see you there!

Kind regards,
Stichting NDSM-werf

Tim Vermeulen, Director
