

Maureen Gallace: October 2025

American Art Catalogues is pleased to present *October 2025*: a special presentation of works by Maureen Gallace, celebrating the publication of her major monograph, *Paintings on Paper*.

Surveying over sixty acrylic works on paper created between 2010 and 2024, this 142-page monograph offers an intimate look at an important although less-seen side of Gallace's practice. Over the years, the use of paper has evolved from preparatory studies and private works to what is now a notable medium for Gallace, as is presented here. Developed in close collaboration with the artist, this hardcover book captures an essence of the works' small scale and tactility.

Gallace is known for her painterly, distinctive works, often viewed through traditions of landscape, Modern, and American painting. Her imagery centers on modest architectural structures—houses, sheds, shacks—along with their surrounding environs such as New England beaches.

Maureen Gallace (b.1960, Stamford, Connecticut) lives and works in New York. Gallace received her BFA from the Hartford School of Art in 1981, and her MFA from Rutgers University in 1983. Gallace has been the subject of major solo exhibitions, including a 20-year survey show, "Clear Day," MoMA PS1, New York (2017). Other recent exhibitions include, Gladstone Gallery, New York (2024, 2021, 2019); La Conserva, Ceutí, Spain (2011); Douglas Hyde Gallery, Dublin (2007); and The Art Institute of Chicago (2006). In 2010, Gallace's work was presented at the Whitney Biennial.
