

# LA MAISON DE RENDEZ-VOUS PARIS NEW YORK TOKYO

LA MAISON DE RENDEZ-VOUS (*MAISON*), the collaborative project by, Isabella Ritter, MISAKO & ROSEN and Paul Soto, is pleased to announce its next chapter.

Originally established in Brussels in 2019, *MAISON* spent its first four years serving as a space for international exchange, connecting artists, curators, writers, and collectors through precise and well-researched exhibitions.

Now, *MAISON* expands its footprint to Paris, New York, and Tokyo. The initiative re-launches in New York at Paul Soto's gallery on January 10th, 2026, presenting a selection of artworks that intermingle the partners' distinct programs, a first look at the dialogues to come.

Eponymously titled LA MAISON DE RENDEZ-VOUS, the exhibition will include new and recent works by Stephano Espinoza Galarza, Margaret Lee, Hanne Lippard, Brilant Milazimi, Jonas Monka, Phung-Tien Phan, and Ryu Takeda.

*MAISON* will operate in tandem with the partners' existing galleries. By sharing resources and using our preexisting footprints, the collaboration allows artists to circulate between three continents more robustly. Beyond traditional exhibitions within our galleries, *MAISON* will continue to activate unique physical sites to meet artists and audiences wherever they are.

By pairing our local presences with a global reach, *MAISON* renews its founding promise: to remain a nimble, collegial platform that advances the most vanguard artistic positions across borders.

## *LA MAISON DE RENDEZ-VOUS*
