**Özlem Altin, Quishile Charan, Judith Hopf, Rosemary  
Mayer, Laida Lertxudni**

**23 June – 19 August, 2023**

Spanning multiple generations, this exhibition explores the ways in which the body is never simply a passive receiver but is essential to the shaping of the ways in which we access the world. Counter to many of the impulses of corrective violence normalised in the 20th century, these artists/bodies/artworks play a tune of the fullest form; conjuring revolt, resistance, collapse, reverence, reform, and regeneration.
