Digital print, plastic frame

Untitled, 2025
Parachute Regiment beret, office furniture (door)

Digital print, plastic frame

Untitled, 2026
Two-channel sound, 20 minutes

The exhibition includes a series of framed prints which have been produced using a high street chemist's printing service. The images each contain two or three elements: circles and rectangles of digital information, cut and pasted from found photographs. Details of the source material are given in the above works list. An audio work is also installed in the gallery, with a sound effect taken from a Youtube video repeating at varied intervals.
